

Appendix 4C

Two Papers Presented at the 2003 Australian Health Care Summit

This appendix contains a working paper (Drummond 2003a) and an accompanying PowerPoint presentation (Drummond 2003b) prepared for the 2003 Australian Health Care Summit in Canberra on 19 August 2003, as follows:

- Working Paper (Drummond 2003a; as updated on 20 August 2003) titled
Estimates of Savings Possible if Commonwealth, State and Territory Health Systems were Rationalised into a single National System or a System in which the Commonwealth's Role Reduces to that of Funding Only
- PowerPoint Presentation (Drummond 2003b) titled
Estimates of Savings Possible if Commonwealth, State and Territory Health Systems were Rationalised into a Single National Health System (e.g. by Assigning Powers and Responsibilities for Health Care to the Commonwealth via a Constitutional Referendum) OR if the Commonwealth's Role in Health Reduces to one of Funding Only
